

Move™

varier®

Move™

Don't just sit there, move

DESIGN: Per Øie

Move is available in 3 sizes:

Move: Standard seat, regular base, 3 gas lift options.

Move light: Smaller seat, regular base, 3 gas lift options.

Move kids: Smaller seat, smaller base, lower weight actuated gas lift. Rubber sole included.

Move is available in 3 coloured bases or with a natural ash wood base

(Wood base, gas lift, seat/base bracket and handle are the same colour as the coloured bases)

Available versions when choosing a coloured base:

Move: Available in black, white and grey (white and grey are only available with medium gas lift)

Move light: Available in black, white and grey (white and grey are only available with medium gas lift)

Move kids: Available in black only

Natural lacquered ash wood base is an option for all Move chairs.

Optional Accessories:

Move Rubber Sole for use on hard floor surfaces.

Measurements:

Move

Seat Ø: 43cm, Base Ø: 40cm

Gas lift Low SH 49-68cm

Gas lift Medium SH 56-82cm

Gas lift High SH 65-87cm

Move light

Seat Ø: 36cm, Base Ø: 40cm

Gas lift Low SH 49-68cm

Gas lift Medium SH 56-82cm

Gas lift High SH 65-87cm

Move kids

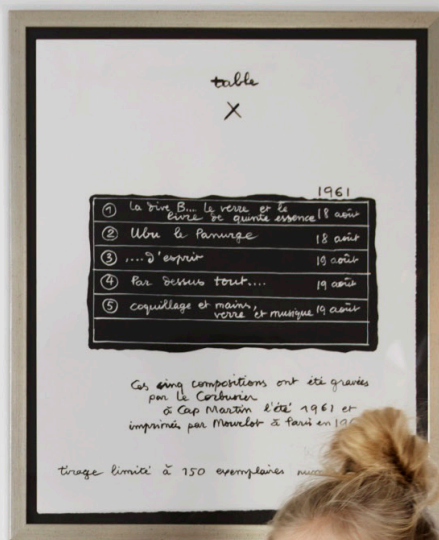

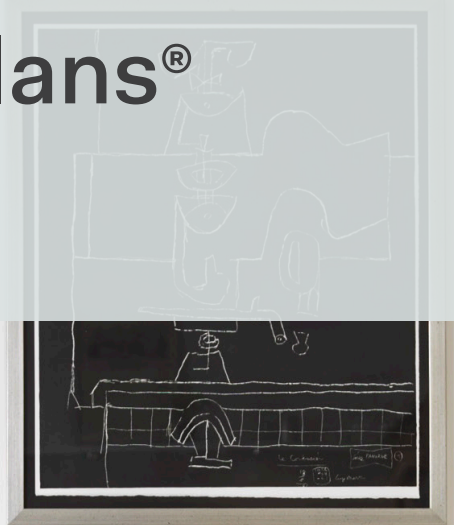

Seat Ø: 36cm, Base Ø: 34cm

Gas lift SH 49-68cm

Benefits:

- The saddle seat supports an upright, dynamic posture, and keeps the body balanced. This subtle activity strengthens core muscles and prevents back and shoulder tension.
- With feet placed on the floor it's easy to balance, tilt, pivot or rotate 360°.
- The open angle between the upper and lower body improves blood circulation, which boosts energy levels and concentration.

Variable™ balans®

The active way to better posture

DESIGN: Peter Opsvik

Optional Accessories:

Backrest and cushion for backrest

Soft Tape - Hardwood floor protection

Distance blocks - Reduce the distance between knee and seat, for those under 150 cm in height or children

Wood Options:

Natural or black lacquered ash

Measurements:

Variable	52cm x 72cm x 51cm, SH 50cm
Variable with back	52cm x 80cm x 93cm, SH 50cm

Benefits:

- The seat gently tilts the pelvis forward and encourages an upright spine.
- Abdomen and back muscles engage to keep the spine upright, which strengthens core muscles and prevents back and shoulder tension.
- The angle between the upper and lower body increases, which greatly improves circulation.
- As the body moves from an active to a relaxed posture, the flexible runners respond with a gentle pendular motion.

GravityTM balans[®]

varier[®]

Gravity™ balans®

Experience the incredible lightness of zero gravity

DESIGN: Peter Opsvik

Optional Accessories:

Soft Tape - Hardwood floor protection.

Wood Options:

Natural or black lacquered ash

Measurements:

Gravity balans 73cm x 135cm x 122cm, SH 44cm

Benefits:

- Fully recline and relax into zero gravity weightlessness as the chair becomes one with your breathing.
- The backrest and adjustable neck-rest supports your upper body and keeps it perfectly cradled.
- When upright, the chair tilts the pelvis forward, encouraging an upright, neutral spine, which activates and strengthens abdominal and back muscles.

Thatsit™ balans®

varier®

Thatsit™ balans®

For an active mind and a strong posture

DESIGN: Peter Opsvik

Optional Accessories:

Backrest

Soft Tape - Hardwood floor protection

Wood Options:

Natural or black lacquered ash

Measurements:

Thatsit 56cm x 82cm x 52cm, SH 51cm

Thatsit with backrest 56cm x 92cm x 93-103cm, SH 51cm

Benefits:

- When leaning forward to actively work, the pelvis tilts forwards which keeps the spine in its upright, dynamic posture and the body balanced. This subtle activity strengthens core muscles and prevents back and shoulder tension.
- The open posture enables deep breathing and with an open angle between upper and lower body circulation and oxygen supply is improved.
- When moving backwards, the backrest offers support and invites to pleasant stretching during your long working hours.

Actulum™

varier®

Actulum™

Active comfort for work and leisure

DESIGN: Peter Opsvik

Optional Accessories:

Soft Tape - Hardwood floor protection

Wood Options:

Natural or black lacquered ash

Measurements:

Actulum 51cm x 66cm x 90cm, SH 46cm

Benefits:

- Due to the runners, the chair follows your body's natural movements.
- When working your spine remains in its upright, dynamic posture and the body balanced. This subtle activity strengthens your core muscles and prevents tension in neck and shoulders.
- When leaning back, the flexible backrest and armrests offer support when needed. Its design also blends in nicely at your computer desk in the living room or at the dining table.

Varier® Active

varier®

Varier® Active

Active Sitting for your home office

DESIGN: Olav Eldøy & Atle Tveit

Active:

Active is available with a standard gas lift for standard desks: Seat height 46-62 cm
or with a high gas lift for adjustable desks and as standing support: Seat height 58-82 cm.

Active is available with cross wheel base in aluminium. The metal cross comes in polished aluminium, other metal parts in chrome.

Wheel Options:

1. Breaking when loaded
2. Breaking when unloaded
3. Free rolling (no brakes)

The wheels are soft, suitable for both hard and soft floor surfaces.

Measurements:

Standard gas lift	65cm x 65cm x 84-99,5cm, SH 46-61,5cm
High gas lift	65cm x 65cm x 96-120cm, SH 58-82cm

Benefits:

- When actively working, the saddle seat tilts forward to keep your spine in its upright, dynamic position, strengthening your core muscles and reducing tension in neck and shoulders.
- When leaning back, enjoy perfect support of your lower back, place your arms on the wings and open up your chest of a deep breath and pleasant stretching.
- The gaslift, wheels and 360° rotation make it even more flexible.

Multi™ balans®

varier®

Multi™ balans®

For an upright and strong posture, wherever you go

DESIGN: Peter Opsvik

Wood Options:

Natural or black lacquered beech

Measurements:

Multi 47cm x 60cm x 42-63cm

Benefits:

- The sitting angle can be adjusted to your individual needs: the steeper it is the less pressure is on your spinal disks.
- Benefit from an upright, dynamic spine and an upper body in balance.
- This subtle activity strengthens your core muscles and reduces tension in neck and shoulders.
- The open angle between upper and lower body supports deep breathing and improves circulation.
- You can fold it and carry it with you wherever you go.

Wing™ balans®

Wing™ balans®

Enjoy active sitting on wheels

DESIGN: Peter Opsvik

Base:

Black plastic cross and black lacquered beech

Measurements:

Wing 58cm x 58cm x 52-72cm

Benefits:

- This subtle activity strengthens your core muscles and prevents tension in neck and shoulders.
- The open angle between upper and lower body supports deep breathing and improves circulation during your work.
- The wheels and gaslift make it even more flexible.

Varier® Kokon

varier®

Varier® Kokon

A timeless classic for true relaxation

DESIGN: Thomas Pedersen

Cross:

Varier® Kokon comes with an aluminium cross.

Thread Options:

Red, black, brown, white or grey

Measurements:

Kokon chair	73cm x 83cm x 110cm, SH 41cm
Kokon footrest	48cm x 39cm x 46cm

Benefits:

- With a hidden tilting mechanism, this recliner follows the natural movement of your body and once you are most comfortable, just lock the position and enjoy true relaxation.
- Kokon is designed to support your body and with your feet on the footrest it's just for you to lean back and relax.
- Its compact shape is suitable also for smaller rooms while the Scandinavian design makes it a wonderful eye catcher.

Varier® Kokon Club

varier®

Varier® Kokon Club

Simple, inviting and full of natural comfort

DESIGN: Thomas Pedersen

Cross:

Varier® Kokon Club comes with an aluminium cross.

Thread Options:

Red, black, brown, white or grey

Measurements:

Kokon Club	73cm x 67cm x 83cm, SH 43cm
------------	-----------------------------

Benefits:

- The hidden tilting mechanism ensures natural movement and the armrests give support when needed.
- 360° degree rotation makes the chair even more flexible.
- Kokon Club is a compact lounge chair that blends in with most environments; the Scandinavian design and refined cross-stitching make it a unique piece of furniture both in private rooms and public spaces.

Peel™

varier®

Peel™

The chair to fully unwind body and mind

DESIGN: Olav Eldøy

Peel is available in left or right options:

Peel - Opens to the left when facing the chair

Peel II - Opens to the right when facing the chair

Wood Options:

Natural or black lacquered ash

Measurements:

Peel with wood base	84cm x 81cm x 113-123 cm, SH 46 cm
Footrest with wood base	43cm x 46cm x 56 cm
Peel with cross	89cm x 89cm x 113-123cm, SH 46cm
Footrest with cross	49cm x 49cm x 56cm

Benefits:

- Its tilting mechanism is adjustable to your weight and reacts softly to the natural movement of your body while its shape is designed to support your back where needed.
- The open design invites you to curl up with your favorite book or just place your feet on the footrest, lean back and enjoy your evening movie.
- A mirrored version pairs up to a nice couple in your living room

Peel™ Club

Peel™ Club

The balance of style and active comfort

DESIGN: Olav Eldøy

Peel is available in left or right options:

Peel Club - Opens to the left when facing the chair

Peel Club II - Opens to the right when facing the chair

Wood Options:

Natural or black lacquered ash

Measurements:

Chair with wood base 82cm x 77cm x 78cm, SH 42cm

Chair with cross 82cm x 77cm x 78cm, SH 42cm

Benefits:

- The hidden tilting mechanism allows your body to move naturally.
- Its open design and the 360° rotation offer you the freedom to change sitting positions easily: forwards, backwards, sideways – just as you feel most comfortable during a joyful conversation with friends.
- A mirrored version pairs up to a nice couple in your living room.

Varier® Invite

varier®

Varier® Invite

Measurements:

Metal legs	46cm x 54cm x 91cm, SH 48,5cm
Wood legs	46cm x 54cm x 91cm, SH 49cm

Benefits:

- A smooth tilting mechanism enables freedom of movement, and the backrest offers effective support to the lower back.
- Its open design enables you to move freely, even to sit sideways and backwards
- Varier Invite brings comfort and style to the table.
- Its designed for pleasurable hours with great food and good company.

Date™

varier®

Date

Freedom of movement while dining

DESIGN: Olav Eldøy

Metal Options:

Metal legs are available in chrome or matte chrome.

Wood Options:

Wood legs available in solid natural lacquered oak, solid untreated oak or black lacquered oak.

Measurements:

Metal legs	42cm x 53cm x 95cm, SH 49cm
Wood legs	42cm x 53cm x 95cm, SH 49cm

Benefits:

- The hidden tilting mechanism allows your body to move naturally and the backrest supports your lower back when leaning backwards.
- The slim backrest offers you the possibility to stretch while its open design grants freedom of movement: even to sit sideways and backwards.
- With Date, joyful evenings are meant to last.

Varier® Eight

Varier® Eight

Natural comfort from 8 in the morning to 8 at night.

DESIGN: Olav Eldøy

Eight adjustable:

Available in chrome or matte chrome.

Measurements:

Eight adjustable 40cm x 50cm x 95-121cm, SH 60-89cm

Benefits:

- Due to the hidden tilting mechanism, the seat follows the natural movement of your body: lean forward while organizing the day with your family over breakfast.
- Lean backwards and benefit from a particularly high backrest and ideal support of your spine while enjoying a drink during a relaxing evening with friends.
- Varier Eight is a bar stool that will make a difference at your counter.

Ekstrem™

varier®

Ekstrem

Enjoy freedom of movement to extremes

DESIGN: Terje Ekstrøm

Available in 3 different colours of the wool fabric Knit: black, marine blue and red.

Measurements:

Ekstrem 72cm x 70cm x 79cm, SH 43cm

Benefits:

- Let your mind wander, let your body lead the way and find your very own most comfortable position: forwards, backwards, sideways, inside out – enjoy freedom of movement to extremes.
- Ekstrem provides endless possibilities for movement and variation whilst sitting.
- It is a static chair, but its design encourages you to sit any way you like.
